This valuable aid to medicine, if dissolved in hot water, forms a most invigorating lotion, quickly curing Weaknesses, arising from whatever cause, and drawing out pains and aches, and is known as

LIEBIG'S SILVER SALT.

The feeble and those in delicate health will find this Salt highly invigorating and exhilarating, which all who suffer from Colds and Weaknesses will at once appreciate, as it fortifies any weak part bathed with it, thereby preventing and keeping off Colds, by giving a warm glow of health, and should always be at hand for use in changeable weather, to rub in any part as a protection.

LIEBIG'S PEARLS OF STRENGTH

are perfectly tasteless, being prepared in the form of Pearls, which they resemble in appearance. This elegant medicine is quite different to anything ever brought before the public, containing, in a cheap and pleasant form, a most elaborate preparation, adapted to all ages and constitutions, for

ENRICHING THE BLOOD,
and for the permanent cure of

General Weakness, Shortness of Breath, Impoverished Blood, Noises in the Head and Ears, Impaired Sight and Memory, Indigestion, Incapacity for Study or Business, Dizziness, Rheumatism and Pains and Aches, and most other symptoms of failing health.

TESTIMONIAL from Sir CHARLES LOCOCK, Physician to the Queen:—

"I have seen the effects of Liebig's Pearls of Strength, and regard them favourably as a general family medicine, pleasant to take, and beneficial in their action. I have also subjected the Silver Salt to some very severe tests, and find that the hot solution draws out pains and aches in a few minutes, and is without doubt the most powerful invigorator known, and these two remedies appear to me to fully bear out all that is claimed for them.

"CHARLES LOCOCK, M.D."

In cases of physical, functional, or organic weakness, the Silver Salt will soon effect a cure, if applied as a lotion to the place, causing the blood to flow there, and the art then becomes strong; and these two remedies comprise the whole of the **LIEBIG SYSTEM OF MEDICINE**, of supplying the blood with its ferruginous, phosphatic, and saline elements, for curing languor, exhaustion, and early decay, by rendering the blood sufficiently rich to nourish the body, expel all impurities, infuse new life, and build up a stronger constitution, and has so far proved a success that it is rapidly superseding the old system.

These **PEARLS** are sold in boxes at 1s. 1d., 2s. 6d., 4s. 6d., 11s., 22s., and 33s., and the **SILVER SALT** is the same price. There is a considerable saving in buying the larger quantities, and they can be forwarded to any part, carriage free, with printed directions for use.

FINANCIAL OPINION:

A THURSDAY

ILLUSTRATED FINANCIAL, POLITICAL, LITERARY, AND FAMILY PAPER.

FINANCIAL OPINION, in addition to first-class original matter on all subjects of immediate interest, is devoted to the collection, analysis, and presentation of the most exhaustive information on Financial Matters, and gives the cream of the rival opinions contained in the leading Journals and City Articles, both British, Colonial, and Foreign. Men of business are rarely able to analyse carefully all the rival opinions on any particular security day by day and week by week, smothered as they are in the sea of general materials throughout all the papers. FINANCIAL OPINION, devoted among other purposes to this, undertakes to provide the man of business and the investor with such a digest and comparison, stripped of all fortuitous and irrelevant matter, and presented in a form intelligible to every man of common sense. The leading securities of the day are from time to time illustrated by charts of the fluctuations in price, in some cases for a series of years, and regularly for a series of two or three weeks.

Besides the Diagrams of Price Fluctuations, various Maps of the Seat of War are frequently given.

"One of the greatest geographical discoveries of the age."—SPECTATOR.

NOW READY.

MR. STANLEY'S NEW BOOK.

THROUGH

THE

DARK CONTINENT:

THE SOURCES OF THE NILE;
AROUND THE GREAT LAKES, AND
DOWN THE CONGO.

In 2 vols. demy 8vo, cloth extra, with 150 Illustrations, Two Portraits of the Author, and Ten Maps, price 21. 2s.

The TIMES.—"Stanley has penetrated the very heart of the mystery of African geography..... He has opened up a perfectly virgin region."

The ATHENAEUM (first notice).—"This most fascinating and instructive narrative of travel and adventure."

STANDARD.—"Will increase the writer's reputation..... A great and triumphant expedition."

GLOBE.—"The work affords a splendid insight into a hitherto unknown region, and is full of exciting adventures, curious incidents, and valuable information."

DAILY TELEGRAPH.—"This swiftly written record of a marvellous and triumphant exploration—a journey which, as the President of the Geographical Society said last Monday, 'marks out Mr. Stanley as one of the most daring of explorers and most observant of travellers'—presents many sides to the reviewer."

TIMES.—"We need not insist on the vast importance of the magnificent waterway (the Congo) thus thrown open."

THE LIVERPOOL MERCURY London Correspondent says:—"When Mr. Stanley's volumes were put into my hands, last night, I felt myself prejudiced against them before I had read a single line..... I was soon undeceived. I tell you that no sensational novel ever written is more enthralling than 'Through the Dark Continent.' It is one of the most wonderful records of travel that ever I had the fortune to come across, and reads more like a romance of the old adventurous times than the story of a nineteenth century exploration."

SHEFFIELD INDEPENDENT.—"They stand alone as books of pure travel and adventure, and as such they possess an exciting interest which does not often appertain in these days to the works of explorers."

LIVERPOOL DAILY POST.—"It is impossible to recount even the different kinds of adventures through which Stanley went in his journey right across Africa. Every day brought its danger from natives or nature..... The deeds which his book communicates are such as may make us feel that the adventurous spirit of the English race beams as brightly as ever it did in the Elizabethan age."

ILLUSTRATIONS.

These, about 150 in number, thoroughly illustrate the adventures and incidents of the journey and the nature of the countries traversed.

The ten Maps will also be found very complete.

ENGLISH MEN OF LETTERS.

Edited by JOHN MORLEY.
